School Communication Moving to MyClassboard App

Dear Parents,

We are pleased to share that the school has successfully launched our new official application, *MyClassboard*, for all school communication.

As mentioned earlier in **Circular No. 04 dated 21/04/2026,** we request all parents to kindly download the MyClassboard app at the earliest.

From Monday onwards (6th July 2026), the school will no longer share updates via WhatsApp.

All circulars, notices, homework, and other communication will be sent only through the MyClassboard app.

Please download the app and complete registration to avoid missing any updates.
