# From the Principal's Desk

As we present this edition of our newsletter, it is a privilege to celebrate the vibrant journey of learning, innovation, and leadership across our campus.

At Ryan Edunation School, we remain committed to creating a holistic ecosystem where academic rigor meets character building. As Dr. Martin Luther King Jr. timelessly noted, "Intelligence plus character—that is the goal of true education."

This month's highlights reflect that vision—from the induction of our student leaders at the Investiture Ceremony to hands-on STEM problem-solving in our Innovation Lab, creative expressions in the Young Tagore and Young Sudha Championships. Each initiative empowers our students to become confident, future-ready global citizens.

Education is a shared journey. We deeply appreciate the ongoing partnership of our parents and the dedication of our educators.

Congratulations to all our student leaders, young achievers, and competition winners for their remarkable efforts. Let us continue to encourage our children to learn with curiosity, lead with humility, and grow with kindness.

Wishing you all an inspiring month ahead!

## What makes parenting "good"?

Is it giving the best school, the best clothes, or the best marks? No. Good parenting is about giving the best _values_ and the best _presence_.

Parents are a child's first teacher, first friend, and first home. Their role is not to create a perfect child, but to create a confident, kind, and independent human.

**1. Be a Guide, Not a Controller**
Good parenting is not about controlling every step. It's about guiding when the child loses the way. Instead of saying "You have to do this because I said so," try "Let me explain why this is better for you." When children understand the reason, they respect the rule.

**2. Listen First, Advise Later**
Most children don't need a perfect solution, they need to be heard. A parent who listens without judging creates a child who speaks without fear. Spend 15 minutes daily just listening — no phone, no advice, just listening.

**3. Roots and Wings**
The biggest role of a parent is to give two things — Roots to stay grounded in our culture and values, and Wings to fly and chase dreams. Over-protection cuts the wings, over-freedom loosens the roots. A balance of both is good parenting.

**4. Teach by Example**
Children don't follow our advice, they follow our actions. If you want your child to be honest, respectful and kind — be that person first. They are watching more than they are listening.

**5. Love with Boundaries**
Loving does not mean saying yes to everything. Good parenting means saying no with love and saying yes with trust. Discipline with explanation builds respect, discipline with anger builds distance.

In the end, good parenting is not about raising a child who never fails, but raising a child who is never afraid to try again — because they know their parents are standing right behind them.

# CLASS ACTIVITIES

## Welcome Back Activity Prep I 'A'

The new academic session began with joy and excitement in our Pre-primary classes. A special Welcome Back Activity was organized to make our little learners feel happy, comfortable, and excited to return to school.

The children enjoyed fun games, music, art, and interactive activities while reconnecting with their teachers and friends. Their cheerful participation made the classroom lively and vibrant.

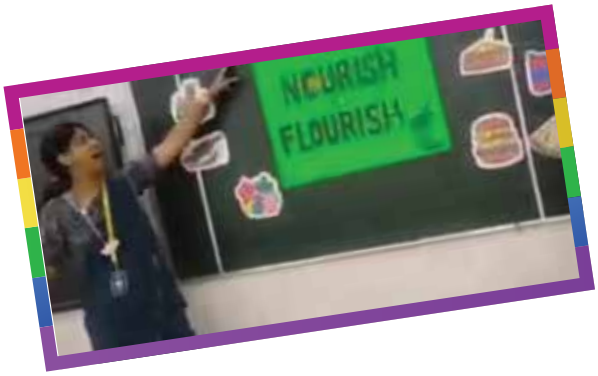
It was a wonderful and joyful beginning to a new year of learning, friendship, and fun!

## Doctor's Day Activity

On the occasion of Doctor's Day, our Pre-primary students participated in a fun and informative Handwash Activity. They learned the importance of clean hands and practiced the correct steps of handwashing with soap and water.

Through this engaging activity, students understood that regular handwashing helps prevent germs and keeps us healthy. Their enthusiastic participation made the activity joyful and meaningful, promoting healthy hygiene habits from an early age.

## Nourish to Flourish Activity Pre-primary



Our little learners enthusiastically participated in the "Nourish to Flourish" activity, where they learned about the

# CLASS ACTIVITIES

importance of healthy food, the harmful effects of junk food, and the value of developing healthy eating habits.

Through an engaging interactive session, teachers explained why nutritious food helps us grow strong, stay active, and remain healthy. The children also enjoyed singing fun rhymes related to healthy eating, making learning joyful and memorable.

## Cup and Saucer Activity Prep II 'A'

Our Pre-primary students participated in a fun and engaging Cup and Saucer Activity. The activity helped develop their fine motor skills, hand-eye coordination, concentration, and balance.

The little ones enthusiastically carried cups and saucers, carefully completing the activity while enjoying the learning experience. It was a joyful and interactive activity that encouraged confidence, coordination, and active participation among the young learners.

## Sponge Dabbing Activity Nursery

Our Pre-primary students enjoyed a colourful and creative Sponge Dabbing Activity. Using sponges and vibrant colours, the little artists created beautiful patterns and designs with great enthusiasm.

The activity helped develop their fine motor skills, hand-eye coordination, creativity, and colour recognition. It was a fun-filled learning experience that encouraged the children to express themselves through art.

# CLASS ACTIVITIES

## Leaf Plucking Activity Play Group

On 15th July, our Pre-primary students participated in an engaging Leaf Plucking Activity. The little ones enjoyed exploring nature and carefully plucking leaves while learning about different plants and their importance.

## Hands on Learning Activity Prep II

Our Pre-primary classrooms are always filled with curiosity, creativity, and joyful learning. Through hands-on activities, the little learners explore new concepts, experiment, create, and learn by doing.

Every classroom moment brings smiles, excitement, and opportunities to learn together. These happy experiences help children build confidence, creativity, coordination, and social skills, making learning a fun and memorable journey.

## Finger Painting “Rainy Day” Activity - Play Group

Our Pre-primary students enjoyed a fun and creative Finger Painting – “Rainy Day” activity. Using their fingers and blue paint, the little artists made raindrops falling from grey clouds, creating a beautiful rainy-day scene. The activity encouraged creativity, fine motor skills, hand-eye coordination, colour recognition, focus, and sensory development. It also helped children understand the concept of weather and seasons through joyful, hands-on learning. The activity was a delightful experience that combined creativity with meaningful learning.

# SCHOOL ACTIVITY

## School Activity

Our Pre-primary students enjoyed an exciting field trip to the Doll's Museum, where they explored a colourful collection of dolls from different cultures and places. The little ones were fascinated by the beautiful costumes, unique appearances, and interesting displays. The visit provided a wonderful opportunity for children to learn beyond the classroom while developing their observation skills, curiosity, and cultural awareness. It was a joyful and memorable experience filled with learning, excitement, and happy moments.

# SPARK ACTIVITIES

## Spark Skating

Our Pre-primary students enthusiastically participated in the Skating Spark Activity, enjoying a fun-filled experience on wheels. The activity encouraged children to develop balance, coordination, confidence, and physical fitness while learning basic skating skills. Their cheerful smiles and excitement made the session lively and memorable. It was a wonderful opportunity for our little learners to stay active, build confidence, and enjoy learning through movement.

# STAR OF THE WEEK

Star of the week is an initiative to make every child feel special and celebrate his uniqueness. Every week, a student is designated as **"Star of the Week".** The student's parents visit the class and interact with other students of the class. They share information and anecdotes about their child and hear about their child from his classmates. Apart from creating healthy self-esteem, this activity also facilitates a strong home-school partnership.

**Star of the week for the July month are:**

Daksh Chahar - Prep I 'A', Avir Choudhary - Prep II 'A', Aaradhya Kamodia - Nursery, Rajveer Singh - Playgroup, Keshavi Sharma - Nursery.

COMPETITION

# English Recitation Competition - Pre-primary

Our Pre-primary students participated enthusiastically in the English Recitation Competition held on 29th July. The little ones confidently recited their poems with expressive voices, cheerful gestures, and adorable performances. The activity provided them with a wonderful opportunity to develop language skills, pronunciation, confidence, memory, and stage presence. It was heartwarming to see our young learners overcome their shyness and showcase their talents with great enthusiasm. The event was a joyful and memorable learning experience for all.

**Winners are:**

| Student Name | Grade | Position |
|---|---|---|
| Tisha Raturi | Nursery | 1st |
| Avya Jain | | 2nd |
| Dhananjay Tiwari | | 3rd |
| Kashvi Rajawat | | Special Mention |
| Aadhvik Joshi | Prep II 'A' | 1st |
| Anaya Upadhyay | | 2nd |
| Mivaan Sharma, Vividh Punia | | 3rd |
| Harshiv Bisht | Prep II 'B' | 1st |
| Myra Agarwal | | 2nd |
| Prishita Shrimal | | 3rd |

## Every Child Needs One Adult Who Believes in Them

Every child walks into school carrying more than just books. They bring dreams, fears, questions, and untapped potential. While some children seek attention, others quietly hope that someone will notice them.

As teachers, our greatest role is not only to educate but also to believe in every child. A few words of encouragement, a patient smile, or a simple "I know you can do it" can build confidence that lasts a lifetime. Children may forget the lessons we teach, but they never forget how we made them feel. They remember the teacher who encouraged them after failure, celebrated their smallest achievements, and believed in them even when they doubted themselves.

Every child deserves at least one adult who sees their potential before the world sees their results. That belief can inspire courage, resilience, and a lifelong love for learning.

Your belief today can become a child's strength tomorrow. Every child needs someone who believes in them—and that someone can be a teacher or parent.

# PARENT'S CORNER

## Home - A Child's First Classroom

A child's learning journey begins at home. Before they learn to read and write, they learn to love, share, respect, and care by watching their parents.

Children learn more from what they see than from what they are told. Simple moments like talking together, reading a story, sharing a meal, or listening with patience help build confidence, values, and strong character.

A child's first classroom is home, and their first teachers are their parents. The lessons learned there become the foundation for a lifetime.
